70th ANNUAL SPRING MEETING

PLANNING COMMITTEE

Dr. Adam Meneghetti, President

&

BC Surgical Society Executive Members

PROGRAM OBJECTIVES

The British Columbia Surgical Society's 70th Annual Spring Meeting is a forum for academic and community surgeons in BC to present papers on current clinical experience, innovations and research. It is also a forum for surgical residents from the UBC surgical resident training program to present their research and compete for a research prize.

The target audience is national and international general surgeons who present clinical and basic science research material in lecture and podium form.

The learner shall share in the clinical experience of other surgeons within the Province of British Columbia, the United States of America and the surgical residency at the University of British Columbia. Further, the learner will be able to:

- Integrate a variety of new/improved surgical procedures, including open and laparoscopic surgery, trauma surgery pediatric surgery and endoscopy.
- Acquire better decision making skills for surgical procedures based on new clinical and basic science research from BC.
- Review expert dissertations on subjects of current interest to the general surgeon.
- Illustrate and practice basic presentation skills and confidence in speaking to large audiences.
