

BC SURGICAL SOCIETY
**ANNUAL
SPRING
MEETING**
MAY 4-6, 2023

Learning Objectives

1. Integrate a variety of new/improved surgical procedures, including open and laparoscopic surgery, trauma surgery, pediatric surgery, and endoscopy.
2. Acquire better decision-making skills for surgical procedures based on new clinical and basic science research from BC.
3. Review expert dissertations on subjects of current interest to the general surgeon.
4. Illustrate and practice basic presentation skills and confidence in speaking to large audiences.
